New State Highway May Be Completed By September

H. J. Binney Pleads Not Guilty To Montana Charge

GRADING FROM SCHELLVILLE TO TOWN FINISHED

Construction On Schellville-Santa Rosa State Highway Through the Springs Under Way.

With weather conditions more favorable than dreamed of at this season of the year, contractors who are building the new state highway between Schellville and Santa Rosa have made record progress. Grading of the new route from Schellville to the city limits of Sonoma has been completed and gravel will now be hauled for the top dressing.

Meanwhile drain pipes have been laid for the upper part of the road and culverts are now being built in front of Sonoma Grove and other points along the right of way where grading will start shortly. A second crew of workmen will establish a camp near town and dirt will soon be flying on the section through the Springs.

Although Galbraith & Japes, the contractors, have until December to complete their contract, it is expected that much of the concrete will be laid by September and the surfaced section of the new highway finished during that month.

From Agua Caliente to Beltane the road will not be surfaced this year, but will be otherwise completed and put in good traveling shape, probably considerably ahead of the time allowed the contractors for finishing the job.

It is hoped that this unit of the highway and the Black Point cut-off from Fairville to the Napa county line will all be surfaced next year.

PIONEER CALIFORNIAN VISITS DAUGHTER HERE

Mrs. M. Ordell Severance, of San Francisco, who until recently was associated with Curator Baron at the Golden Gate Park museum, has been in Sonoma Valley visiting her daughter, Mrs. Herman Schieck. Mrs. Severance has retired after 10 years service at the museum and is an authority on California history.

She came to California in 1852, landing at San Francisco where skyscrapers now loom. From the city she and her folks made their way to the mines of Calaveras county, settling at Mokelumne Hill. Mrs. Severance is a very interesting and entertaining woman. While here she called on the editor of the Index-Tribune whole grandmother, the late Rowena Granice Steele, a well known pioneer California writer, was an old friend of hers.

Mrs. Severance expects to return to her San Francisco home the latter part of the week.

HOLTS GO TO WASHINGTON

Rev. and Mrs. Holt (Helene Clewe) and family, have gone to reside at Bremerton, Wash. They have rented their attractive home in San Francisco and write that they like the navy yard city of the north very well.

Jep Valente Is Candidate For City Trustee

At the request of his many friends, Jep Valente, Sonoma business man and one of the owners of the San Rafael-Sonoma Auto Stage Line has filed his declaration to be a candidate for city trustee.

Mr. Valente is a progressive and enterprising citizen and will be in favor of all improvements, including adequate fire protection. At present he is chief of Sonoma's volunteer fire department and has rendered good service to the community.

Valente is the second candidate to declare himself for one of the vacancies caused by the expiration of the terms of Sam Lewis and Fred Bulotti. Mr. Bulotti is a candidate for re-election.

Prospective candidates have until March 25th to file their declaration.

HERDS IN INFECTED AREA DESTROYED

"All known infected herds under ground." This telegram, sent to the United States Department of Agriculture by its chief veterinary inspector in counties of California quarantined for foot and mouth disease, was received not less than three weeks after the first report of the outbreak. The toll of the disease thus far, as represented by animals destroyed and buried, is as follows:

Cattle	3,979
Swine	8,127
Goats	37
Sheep	11
Total	12,154

In addition to the figures given, several horses which had been driven out of the quarantined counties are reported unofficially to have been killed.

An example of the aggressive measures used to control the live stock plague was the rounding up of 719 cattle running at large in Contra Costa county, which is one of those in the quarantined group. Infection was found among the cattle on March 10, and before the night of March 11, all the animals were rounded up, slaughtered and under ground.

GEORGE CARPENTER GETS DEED TO RANCH BACK

The dismissal of the Carpenter-Landis property suit on the eve of the date of the trial brought to an end the fight made by George Carpenter to get back the deed to his Baxterville property. His ranch had been sold under execution of a judgment; but in the time allowed for redemption Carpenter claimed he deposited the money with George McNear of Petaluma to satisfy the amount against the property. Landis was said to have been notified to this effect but proceeded to have recorded his title to the place. Suit was then started by Carpenter, whose attorney won preliminary skirmishes preceding the trial of the action, with the result that Carpenter wins.

Dr. H. Burnett, former local dentist, now of San Francisco, motored up to visit friends here last Sunday.

Rossini Captured In Barn Where He Had Taken Refuge After Acting Strangely.

A. Rossini, who was in the army for four years during the World War and is thought to be suffering from the effects of shell shock, was taken into custody early Thursday morning after his actions aroused fears that he had become insane and might do himself or someone else harm.

He had been acting queerly for some time past and suddenly disappeared from the hotel where he had been a boarder while at work as a

section hand on the railroad. He was finally seen in the hills and Thursday morning about 6 o'clock was located in a barn of a Sonoma Valley dairyman who notified Deputy Sheriff Joe Ryan. The officer's appearance made Rossini fear that he was being arrested for killing someone and he vehemently proclaimed his innocence.

Ryan pacified him and got him into his car, after which he was taken to Santa Rosa to be examined as to his sanity.

NATIVE SONS INITIATE THREE NEW MEMBERS

Sonoma Parlor, Native Sons of the Golden West, initiated three new members at a well attended meeting Monday evening. The candidates were Percy Glaister, Frank Canevari and Frank Richardson.

There was a ravioli banquet, speech making and numbers by the glee club. Joe Kiser was chairman of the refreshment committee and J. F. Prestwood toastmaster.

The Native Sons are busy this week completing the planting of lawn around the Bear Flag monument which will not only be a splendid improvement, but should be an example to taxpayers to get the entire historic square beautified.

HAWAIIAN MUSIC FOR GLEN ELLEN DANCE

Something novel and delightfully tuneful has been provided by the Glen Ellen Women's Improvement Club for their April Dance, which will feature an Hawaiian string quartette. The dance is the regular second Saturday in each month party and many dance lovers will undoubtedly be attracted by the new music and the club's usual hospitality.

LOCAL MERCHANT GOT FINE RESULTS FROM AD

Frank Muller of Batto's Store advertised oranges in the Index-Tribune one Saturday and sold 40 boxes on an investment of less than a dollar for the ad. Mr. Muller is a good salesman, but declares that his customers would not know what he had to sell if it were not for advertising. As the Index-Tribune was the only paper in which he advertised the oranges, Frank doffs his hat to this newspaper. He said that oranges were going so fast after the ad came out that he began to practice up on "Yes, we have no oranges." He laid in a new supply and is still selling them like hot cakes.

APPLIES FOR LETTERS OF ADMINISTRATION

Mrs. Pauline Hays has applied for letters of administration in the estate of her late husband. The estate's value is estimated at \$15,000 and goes to the widow and sisters and brother of deceased physician.

AUTO ACCIDENT ON THE HIGHWAY

Two persons were injured, one seriously, when an automobile driven by Thomas Worth, Sebastopol pharmacist, overturned on the Sonoma highway near Kenwood Monday afternoon.

Dr. A. E. Hardin, Worth's brother-in-law, who is visiting in Sebastopol and who was with Worth, received a severe gash on the head, a sprained right shoulder and arm, and severe sprains of the muscles of the back, necessitating his removal to the Mary Jesse hospital in Santa Rosa. He is under the care of Dr. J. W. Jesse. Worth received a laceration of the nose and minor sprains. He was able to leave for his home after having his injuries treated.

The accident is said to have been caused by defective steering apparatus on the Worth car which caused it to plunge into a ditch at the side of the road and overturn. Worth and Dr. Hardin were proceeding toward Sonoma at the time of the crash. The machine was badly damaged.

BOYES FIRE ENGINE IS CALLED OUT

Last Saturday morning an alarm of fire came from Glen Ellen to the Boyes Springs fire house, but before the department arrived, the Paul Wiget home burned down, with a loss of over \$1500. Outbuildings were saved by the chemical.

On Tuesday a fire on the John Fox ranch near Vineburg menaced the orchard and destroyed a quantity of fencing. The Boyes Springs engine arrived in time to control the blaze and put out incipient fires.

Fire Chief Cause pointed out that if Glen Ellen and Vineburg had equipment as will be provided when the new fire district is established, neither fire would have gained any headway. The Wiget home would have been saved.

M. D. Crowe, formerly of Iowa, but now of Richmond, Calif., is here on a visit to his brother, Rev. Stephen E. Crowe. The former resident of the Hawkeye State is enthusiastic over our Golden State. He was formerly affiliated with the Presbyterian College in Iowa.

11,731 Voters Registered In This County

Eleven thousand, seven hundred and thirty-one persons have been registered in Sonoma county, an increase of nearly 100 per cent since February 15, it was announced this week by County Clerk W. W. Felt, Jr.

Republicans, with 8275, lead the list the Democrats being second with 2888 the Progressives 23, Socialists 78, Prohibitionists 38, miscellaneous 9, while 420 declined to state party affiliations.

Heavy registrations have been reported from all parts of the state, according to word received by Felt from Sacramento. Felt declared newspapers had aided greatly in Sonoma county by calling the attention of voters to registration, as have special deputies.

STEVE PROUT'S DAUGHTER WEDS

The pretty church in Glen Ellen, decorated for the occasion with blossoming boughs, was the setting for the marriage Sunday of Miss Eva May Prout, daughter of Steve Prout of Glen Ellen, and George Wood, son of the late W. J. Wood and Mary Wood of Guerneville. Tall, graceful palm branches wreathed the altar before which the bridal party met for the beautiful ceremony which united the happy young couple. Steve Prout gave his pretty daughter away.

The bride, who was attended by Mrs. Bernard Sullivan of Santa Rosa, was gownned in the conventional bridal attire. For her going away gown she wore a traveling suit of tan, with hat and wrap to match.

Mr. and Mrs. Herman Schieck played the wedding march, and the bride's sister, a sweet singer, rendered "Oh Promise Me."

Rev. S. E. Crowe read the impressive marriage ritual in the presence of the relatives and friends of the bridal couple. Bernard Sullivan was best man.

Following the ceremony a sumptuous wedding breakfast was served at the Prout home.

Among the relatives and guests who witnessed the marriage were Mr. and Mrs. W. Carrothers and Mr. and Mrs. Dick Prout of Oakland, Mr. and Mrs. Steven Prout and Miss Geraldine Prout of Glen Ellen, Mrs. J. M. Shinn of San Francisco and E. W. Amos of Standard.

Mr. Wood has recently established business in Oakland where the newlyweds will live following their honeymoon tour. Miss Prout spent her girlhood here and she has a host of friends who will read with interest of her marriage.

Mr. Wood is a popular young man. Fraternally he is associated with the Woodmen of the World, and before establishing himself in business in the bay region he was employed with the Standard Oil Company.

Mrs. F. Rovai returned from the city this week, where she had been to attend the funeral of her mother, who passed away last week. The lady was well known in Sonoma, where she, often visited.

FAT COMEDIAN LOSING WEIGHT WHILE IN JAIL

Shy 21 Pounds of Avoirdupois and Maintains Innocence; Would Return to Sonoma.

Harold "Josh" Binney, the jolly, fat comedian who started in the film making business in Sonoma, only to be arrested and taken back to Montana, where he had also promoted a movie venture, has entered a plea of not guilty to obtaining money there under false pretenses. He is still in jail but maintains his innocence.

Binney is not as fat as of yore, so press dispatches state, and tips the scales at 21 pounds less than when a boarder at Fetter's Springs Hotel in Sonoma Valley.

Binney writes to friends here that he is anxious to return to Sonoma as soon as he can be freed of the charge against him in Butte. Morris Levy, president of the Sonoma Photo Play Corporation, states that he believes the company will permit Binney to return and complete the story of "An Account of a No-Account Count," as the film must be cut and arranged for presentation before it can be marketed. Levy declares that no one but Binney can properly complete the picture and appears confident that the charges made by stockholders in the film venture which he boosted prior to coming to Sonoma.

BIG CROWD ENJOYED THE FIREMEN'S BALL

The Sonoma firemen's dance last Saturday evening attracted a fine crowd of dancers and many spectators although the patronage was not as generous as it might have been, considering the good cause and good time afforded. The decorations, under the artistic direction of Charles Taylor, were the most elaborate seen in years and transformed Union Hall into a colorful and effective setting. The lighting effects were also beautiful and lent charm to the merry scene wherein pretty girls and their gallant escorts glided in rhythmic waltz or fox trotted to the latest dance hits. The orchestra was all that could be desired in the way of fine music and combined harmony with the much to be desired jazz, a rare combination. The hat room, refreshments stand and punch bowl added to the receipts of the evening.

PIONEER RESIDENT RETURNS FOR VISIT

Frank R. Corbaley of Tacoma, Wash., was in town last Saturday looking up old acquaintances. It is nearly 40 years since Mr. Corbaley left Sonoma. In the early eighties he and Granville Harris were in partnership and conducted the old Union Livery Stables. Prior to that he drove the Lakeville stage.

EL VERANO NEWS

By ARCHIBALD McKIVER

April 5th will be the last day to register if you want vote at the May primaries. Tom Mullen, clerk at El Verano, is registering at Mullen's Store. Any voter not registered may act before the closing of the books and get on the great register. As this is the presidential election year, all citizens should cast their ballot. In order to vote, you must register.

Mr. and Mrs. G. Verbeck motored to Berkeley Saturday, spending the week end with relatives.

Mrs. Button, El Verano school teacher, who resides in Santa Rosa, is on the sick list. Mrs. Wolfe also of Santa Rosa, is taking care of Mrs. Button's class during her illness.

The fine March weather and no rain looks like California is in for a dry year. Stockmen and farmers are hoping for the best, however. The rainfall this season measures 11.99 inches, far below other years.

Miss Amy Poppe of Glen Ellen spent several days last week with relatives in Oakland.

Eleven thousand seven hundred and thirty-one persons have been registered in Sonoma county, an increase of nearly 100 per cent since February 15th. County Clerk W. W. Felt, Jr., declared that newspapers had aided greatly in Sonoma county by calling the attention of voters to registration, as have special deputies under Felt throughout the county.

Another increase in El Verano. Three kids arrived at the John Basileu place Saturday. The little goats are doing nicely and our barber is proud of his flock. Many visitors have been looking the newcomers over.

Mr. and Mrs. George Fredrickson and daughter, Miss Edith Crane and other friends were here Sunday enjoying the beautiful Sonoma Valley weather.

Jack Main is over at Verano from San Francisco, looking over property which he contemplates improving and putting on the market.

Mrs. M. Millitello removed Sunday to Oakland, where her husband has a position and where they will make their future home.

Mrs. J. LaFranchi is spending the week in bay cities visiting relatives.

State Highway Commissioner Toy, accompanied by a party of friends, motored to Sonoma Valley Sunday and spent the day in Sonoma Vista, inspecting the new house he is building for a summer home.

District Attorney Brady and a party of friends were taking in the Valley of the Moon Sunday, having motored up from San Francisco.

The breezy items from Vineburg last week in the Index-Tribune were interestingly read. Easy Jim, pioneer

correspondent, is there as a scribe, and after a long silence, has staged a comeback, much to the delight of his readers. Many thought that Jim had taken a job as a Rutter prohibition officer and left peaceful Vineburg and his many sweet little women assistants behind. Easy Jim was in El Verano Monday exchanging St. Patrick's Day greetings with Archie McKiver.

Batto & Sons, Incorporated, have been unloading several carloads of mixed feed at their El Verano warehouse.

Mrs. Henry Koerner and Miss Krimholtz were last week's San Francisco visitors, where they went to do some spring shopping.

Mrs. M. F. Mullen is spending several weeks in San Francisco, the guest of her daughter, Mrs. N. Conema.

Mrs. Robert Poppe of Sonoma was a Sacramento visitor last week.

Fred Duhring, Sonoma capitalist, now residing in San Francisco, arrived one evening last week on the S. P. from Oakland.

Contractor Monk has been busy recently putting in a large scale in the new Batto warehouse, El Verano.

A crew of S. P. men have been spraying a disinfectant on the local cattle corral to guard against the possibility of stock being shipped out having the dreaded hoof and mouth disease.

Mr. and Mrs. Hulbert and son of Oakland were week end visitors at the John Fleming home. Mr. Hulbert is a veteran S. P. employee.

Miss Lottie Howard, Watmaugh school teacher, was a visitor Saturday evening, taking the S. P. train for her Glen Ellen ranch. Miss Howard was formerly a popular instructor in El Verano, and her many friends were glad to see her.

E. J. Franquelin of Dunsmuir has been spending several days in Sonoma Valley.

George Colgan, Wells Fargo expressman for the S. P. Company, was a Sonoma Valley visitor last week from Santa Rosa.

Charles Birdsall, internationally famous globe trotter, is in town after another spin around foreign countries. Birdsall's many friends are glad to see him. He is stopping with his old friend, Paul Verdier, of the French Cottage.

Mrs. W. McAuley and family were southbound S. P. passengers for Hornbrook, where Mr. McAuley is an S. P. engineer.

Fritz Pohm, western foothills dairyman and capitalist, transacted business in Schellville Monday.

Miss Ruby Smith, sweet singer of San Francisco, has been a guest of friends in Sonoma Valley.

John Pluth, well known Sonoma restaurant man, is a guest at Our Resort, recuperating after an attack of pneumonia, from which he is rapidly recovering. This is good news to his many friends.

G. Lacarnini, local Star car agent, has also taken over the agency for the Hudson and Essex cars. Mr. Lacarnini is having a good run on his sport model Star car, which shows up well on the highway.

The old reliable game of horseshoes staged a great comeback last Sunday at the Weise ranch, Glen Ellen, many lovers of barnyard golf being on hand to watch the champs and near champs do their stuff. Frank McNamara and Frank Luttrell of Santa Rosa, the challengers, and J. Harry Weise and Ben Behler of Glen Ellen put on a lively headliner. Arthur Kunde was also a star. Other games were put on before the headliner. Walter Price of Santa Rosa was the referee, declaring Weise and Behler champions of Sonoma county after three hotly contested games. The Weise links are well fixed up for the game of horseshoes, and other games are to follow. Many aspirants have already expressed the opinion that they can dethrone the new Valley of the Moon champions.

The Teapot Dome oil scandal, that has aroused the nation, has set local voters and politicians guessing regarding the fitness of candidates out for nomination for the presidency. William G. McAdoo, attorney and leading lawyer for the alleged thieving politicians, who is out for the plum, is considerably oil soaked, but as dry as one of those deserts we read of up

in Nevada. His chances to lead the Democrats are slim and the party should lay Mr. McAdoo on the shelf and seek a new aspirant who has not been exposed in a seemingly crooked deal. The last Democratic administration, of which McAdoo was a prominent member, brought on prohibition while our boys were fighting overseas, caused former staunch Democrats to hop over to other parties. McAdoo today is the most unpopular candidate before California voters and if he heads the Democratic party, a Republican candidate will landslide to victory. Let us have either Governor Smith or Senator Copeland of New York, who are in favor of light wines and beer, but not McAdoo, who is wet only in oil dealings. California voters will not stand for any such candidate as McAdoo.

J. W. MINGES RE-
TURNS TO BOYES

J. W. Mingos has returned to Boyes Springs after a visit of three months with relatives and friends in Oakland, Stockton, Sacramento and Monterey. He recently celebrated his seventy-ninth birthday with his sons at Carmel. Mr. Mingos will again take up his residence at the Springs and will build a home for himself. He intends to sell off his other property and declares he will make the terms attractive in order to help in the rebuilding of Boyes.

Mr. Mingos lost good property in the fire, but is optimistic about the future of the popular resort section, and is the same good booster that he always was. He is being warmly welcomed home by his many friends.

MRS. KATE RICHARDS HAS A GOLD MINE

Mrs. Kate Richards, formerly proprietor of Agua Caliente Springs, who has been making her home at Grass Valley the past two years, has been on a visit to Sonoma Valley and while here has been showing gold quartz specimens from the mine she has acquired near former rich diggings in Nevada county. The mine is now being worked by three old miners on shares, their faith in the property being absolute.

Mrs. Richards, who is known as a keen business woman, heard about the abandoned mine and its richness shortly after going to Grass Valley. The story of its richness, it seems, did not come to her through promoters or realty men, but through an aged Chinese cook, with whom knowledge of the mine was a tradition. Chinese miners told him of the gold that had been taken out there in the pioneer days. Later on an unexperienced fortune seeker acquired the property and tried to tunnel in for some of the hidden treasure. He failed to timber the mine properly and it caved in, killing him and burying tools and his equipment.

His widow's mind was turned by the tragic outcome of the venture and while not insane, she was eccentric and refused to part with the property or let anyone exploit it. The death of this woman occurred since Mrs. Richards moved to Grass Valley, and knowing the history of the property left and its reputed richness, Mrs. Richards bought it from the executor of the estate. The former Sonoma woman is most enthusiastic over the future of her mine.

Mr. and Mrs. Strachan (Elsie Richards) are also working a mine near Grass Valley.

FORD EMPLOYMENT AT HIGHEST POINT

Employment in the Ford Motor Company organization is now at the highest point in the company's history and reflects in a general way the prosperous condition existing in the country as well as in the automobile industry.

There are approximately 157,000 workers employed in Ford industries in the United States, according to recent figures. Of these, more than 24,000 work in branch assembly plants.

The largest number employed in any single manufacturing unit is, of course, at the Highland Park plant at Detroit, where 68,500 men are at work.

The biggest increase in the number employed at any one place during the last year was made at the River Rouge plant of the company. A year ago, 28,000 men were employed there, while today there are nearly 42,000 workers on the payroll.

REUNION AT PETALUMA

(From Petaluma Argus)

A delightful family reunion was held at the home of Mr. and Mrs. Peter Baccala on Keokuk street Sunday.

Fourteen relatives were present to partake of the elaborate dinner which was served at noon.

Among the out of town guests were Mr. and Mrs. Walter O. Matthies of San Francisco, Mr. and Mrs. Tony Cereghino and daughters of Sonoma, and Misses Elizabeth and Margaret Fridge of San Francisco.

RUM RUNNER HAS BEEN IN PETALUMA

(From Petaluma Argus)

The power schooner, Point Reyes, seized by federal and state prohibition forces off San Francisco with 6000 cases of Scotch whisky and other contraband on board and which is now under guard at San Francisco, is well known in this port and was equipped with her Corliss engines in this city some years ago, being towed here from Puget Sound, where she was built to order for dairymen of the Pt. Reyes district to carry supplies from San Francisco to Point Reyes. She has also visited here on numerous occasions after cargoes of hay and grain for the Point Reyes dairymen, so that her capture while running booze has caused a big surprise among the people of the Petaluma waterfront.

YOUR VOTE MAY DECIDE PLAZA'S FUTURE

Do we get that park? Will Sonoma voters cast a two-thirds majority for the proposed 15 cent. tax to transform our Plaza into a well kept square with lawns and flowers, or will the election fail of its purpose? It is up to you, voters, men and women.

Do not imagine one vote to be unimportant. One vote favorable to the Plaza improvement may decide the entire election. Do not imagine there is no opposition to the contemplated Plaza improvement. There is opposition. Some objectors are quibbling over the small special tax to be levied. They believe that the city of Sonoma could scrape up the money out of the general fund to fix up the park.

The present Board of City Trustees claim that no funds are now available for the improvement. Other Boards have thought likewise. The Trustees, therefore, ask you to authorize a special park fund on April 14.

Vote the 15 cent tax and let us transform Sonoma's historic Plaza into a park which will win plaudits for our citizenship and civic enterprise. Fox-tails and fogies must go. Vote "yes" for the park fund.

OUT OF THE SHELL INTO TROUBLE

Baby chicks emerge from the shells only to find that considerable trouble has been hatched for them in this horrid new world. Before they hardly begin to pick each other's toes or know they have a mouth, the edict of those stamping out the foot and mouth disease descends upon them.

Thousands of baby chicks peeping innocently from the shelter of their brooders wonder what it is all about and many poultrymen would like to know, too, why red tape becomes so intricate that it fastens itself on so innocent a thing as a baby chick. Of course, embargoes must be enforced, and plagues stamped out but who will credit a fluffy chick, brought out and up as they are in Sonoma County, with carrying germs. Our baby chicks are immaculate. They are not of the barnyard type. They never saw a horse, associated with a pig or heard of a cow. Our chicks are chemically pure and fit for entrance into any State. Authorities please take notice.

YES, GET BUSY, GENTLEMEN

Our first commendation of Senator Borah—see if you don't believe he deserves it:

He said to his colleagues on Tuesday at Washington: "We should dissolve ourselves as a Grand Jury and resume the business of legislation."

The radical was right. Something constructive is expected of Congress. Let prosecution and investigation be conducted by the committee or inquisitorial channels created for such purposes. The nation's needs must not be sacrificed because a saturnalia of scandal has been turned loose.

CALIFORNIA MAN IS THE LOGICAL APPOINTEE

California is honored at the selection of Chief Justice Wilbur as Secretary of the United States Navy. We are proud to have had the available man for the important work and believe that the Secretary of the Navy should come from a State whose shores are washed by the great oceans whence sail our proud ships. There was talk of a man from the Middle Western states, but despite other qualities, such a selection would not have given the Nation a Navy secretary familiar with the needs of coast defense and other angles of problems to be solved and presented by our Navy chief.

Men never before in jail for any offense are thrown in to serve a sen-

tence for selling a drink, while high officials and those close to higher-ups are breaking laws and oaths of office at the very fountain-head of government, to say nothing of the hundreds of vicious criminals whom it is no longer fashionable to catch. Selling a drink in a capital crime, notwithstanding Capitol crimes of every sort ranging from oil graft to conspiracy.

FIRE PROTECTION FOR OUR NEIGHBORS

The creation of a fire district in Sonoma Valley is one of the most important recent moves undertaken for the valley's permanent growth and up-building.

It affects the territory outside of the City of Sonoma and would provide special fire protection and apparatus for the several districts in our eastern western, southern and northern outskirts. Property owners will be quick to appreciate the reduction in insurance rates the protection would assure, while owners of unimproved realty must realize that and will become more valuable for building purposes when builders of homes can be assured that the territory is safeguarded by a regular fire department.

The fire following the gale which swept the valley last September left a scar which will be hard to obliterate. Sonoma's hills, blackened and divested of beautiful trees and shrubs are in contrast with untouched areas which escaped the fire demon. Our natural beauty is a real asset and must be protected.

It is true we have a sort of fire protection now, but it is protection which is not imperative. We have the Chief at Boyes Springs who has had to beg funds to keep going and we have the Sonoma City Department which leaves its own confines unprotected to answer fire calls on the outside.

The people of Vineburg, Schellville, El Verano, the Springs section, Glen Ellen and contiguous territory where are situated homes, orchards, packing houses, hatcheries, resorts and schools must be protected and protected in the right way. The fire

district's creation solves the problem. Talk it over with your friends and neighbors and go to the polls and vote "yes" on April 7th.

Senator Wheeler, who is investigating graft at Washington, was credited by a St. Patrick's Day admirer as the man who is "driving the snakes out of the United States." We thought Volstead was supposed to do that.

REGISTER NOW

In order to vote at the presidential primaries on May 6th, every citizen must re-register.

Under the amendments to the direct primary law passed at the last session of the legislature, your party affiliation must be declared when you register and only the party ticket can be voted with which you have affiliated.

In other words, to vote for the Coolidge ticket of delegates at the primary election, you must register Republican.

The last day for registration is on April 5th and in order to insure the needed votes to guarantee the election of the Coolidge ticket, all supporters of the president and his policies, are urged to register immediately.

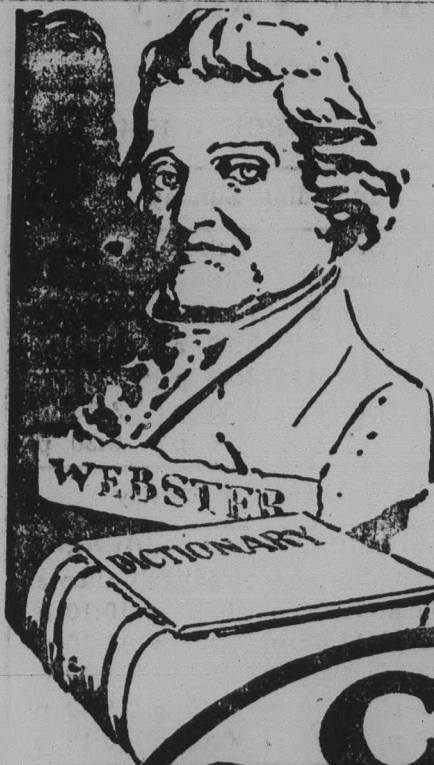

Registration has been particularly backward among the women, whose votes ought logically to be cast for President Coolidge because of his definite and firm position as declared in his annual message, that some form of international tribunal should be set up that would make war impossible.

The heavier the registration, the surer the chance for the success of the Coolidge ticket on May 6th.

Do your duty and show your loyalty to the President's cause by registering immediately.

League of Coolidge Republican Clubs of California.

Mr. and Mrs. L. S. Brubeck are spending several weeks at Marysville. Mrs. Agnes Turnes and little cousin, Bobby Lynch were here from Alameda over the week end visiting with Bobby's aunt, Mrs. W. L. Murphy.

THE name "Webster" is synonymous with "Dictionary" because of the ability of that early compiler. Just so, "Red Crown" means "gasoline" because it is the recognized standard of quality. "Red Crown's" quality is a definite matter of greater power and mileage.

MARIONETTES TO
PRESENT CINDERELLA

Remember Cinderella, and the glass slipper, and the wicked stepmother, and the fairy godmother who turned the pumpkin into a coach for the ball?

Well, they've all come to life—or, at least, that's the way it seems, when you see the Kegg-Goldsmith Marionettes, to appear here.

The Kegg-Goldsmith Marionette Theatre is one of the most beautiful and elaborate Marionette theatres in the country. The little figures are cleverly carved of wood and Mr. Kegg has achieved the most remarkable individuality in their expressions. Their faces almost seem to change, sometimes, as in the excitement of their emotions their heads turn, and their arms and legs move in a most lifelike manner.

At each performance people want to know how it is each character seems to be speaking his own lines, and how they can walk, and sit, and dance—run and sweep, dust and sew. It's amazing, even when they are known to be controlled by strings in the hands of puppet-masters, who supply them with movement and voice.

Beautiful stage sets, costumes and stage properties are all carefully adapted to the Marionettes and the story is finely dramatized by Miss Fannie Goldsmith, with delightful French folk songs, adapted by Mrs. Mabel Kegg, and beautiful lighting effects.

The whole production has proved to be one of the most delightful novelties of the 1923 theatrical season. If you failed to see it when it was played at the California Theatre in San Francisco, be sure to attend the performance at the Sonoma Valley Union High School on Monday, March 31st. Matinee at 2:30, evening 8:15. Admission fee will be 25 cents and 50 cents—adv.

AGUA CALIENTE NEWS

Barney Cohen and family were up over the week end with his mother. Barney is trucking in the city.

Matt Quay is planning a trans-continental trip in his Ford in the near future.

While the Mountain Avenue Water Works was busy installing water in the Boyes Springs Cafe recently, it was necessary to cut off the water for about an hour and several consumers could not be notified. One of these consumers was obliged to take a dose of medicine and being unable to get the water to take it with, considerable excitement prevailed. Finally a brave young fireman volunteered to get a pail of water and ran the gantlet of housewives to the sick man, and calm reigned once more. It is rumored that the water works came out of the brush about midnight.

Messrs. Leixner and Nimpfer are now full fledged chaffeurs with licenses, badges, smiles and everything. Nimpfer has also added the agency of the California Bakery, San Francisco.

The service station at Agua Caliente will not be opened this year till the new highway is completed.

The Segalles family who recently bought the McDonald house on Sunnyside Avenue had four auto loads of friends up Sunday.

Sal Carlo is building a garage in the rear of the Lark club house.

Colonel West, the milkman of the Serres Ranch, is still favoring his arm which was broken by a frivolous Lizzie some time ago.

Eddie Burns who played saxophone at Feters last year, was up visiting old friends Thursday. Eddie is playing at the Zaza Cafe, and had the misfortune of burning out a bearing in his new Dort car on the way up.

The Reynauds were up for a week at their home on Park Avenue.

It is rumored that Tom Corcoran will build a dance hall as well as an addition to his bath house. Eddie Benson will do the carpenter work.

Tony Forno took a day off from the Kearney lumber yard recently and extended his poultry runs. Tony has one of the finest strains of fowls in the valley.

HIGH CLASS EGGS TO

Dated March 19, 1924, Valley of the Moon Fire District, Sonoma County, State of California

THOS. H. CORCORAN, ERNEST A. WAGNER, EMMET MULLEN,

Board of Fire Commissioners of the Valley of the Moon Fire District, Sonoma County, State of California.

LOCAL AND PERSONAL

Professor and Mrs. Bruce Painter motored over from Petaluma Sunday in their new Buick sedan.

Maurice Power of San Francisco combined business and a visit to old friends here Wednesday. Mr. Power has a tailor shop in the city near the Bellevue Hotel.

F. H. Maley of Boyes Springs has bought an apartment house in San Francisco. Later on he expects to build at Boyes, but meanwhile will divide his time between the Springs and the city.

Robert P. Hill of Eldridge was in town this week and strongly commends the formation of the new fire district. He has always been a substantial contributor to the Boyes Springs and Valley Fire Department and an admirer of Chief Cause.

Frank Ronicke, who has been acting queerly of late, was taken to Santa Rosa this week for observation. It is believed his condition is temporary and will yield to treatment.

ENGLISH LAD WAS HERE LOOKING FOR INDIANS

Harold Tyler, a young English boy who is an apprentice seaman on the "Nadé Hale," a boat operated by the Robert Dollar Line, was here visiting the Lombards last Saturday and Sunday. It was his first voyage to California and he was interested in finding the Indians he had heard about in the far West. The clever lad expects some day to be a master mariner. He has been at sea for three years.

HIGH SCHOOL NOTES

The Student Welfare Committee picnic held last Sunday at Armstrong Grove, in Guerneville, was voted by all present a great success. The picnickers left the high school grounds at 7:30 and arrived at the grove at 9:30. A game of tag was the first thing on the program to get the stiff legs limbered up after the long ride. Hiking parties started off in different directions to explore the surrounding country until time for the main event of the day—the lunch. A general inventory taken the following day revealed blisters, pictures, stiff limbs, black and blue marks and indigestion.

Last Saturday the first league baseball game of the season was played with Napa on their diamond. The game ended with a score of 16 to 13 in favor of Napa.

The Sophomores are working industriously for the success of their party which is to be held April 11th. It had been scheduled for April 4th but was postponed because the P. T. A. is to have a meeting on that date.

MAKE YOUR YARD A BEAUTY SPOT!

When summer comes, what will you have, just a back yard or a fenced-in plot that is a real beauty spot?

There is nothing which adds so much to the outward appearance of a home, nothing that makes a place look quite so "homey" as plenty of green foliage combined with a few simple garden fixtures, such as a lattice or picket fence, an arched gate, an easily built pergola or arbor, a pergola swing, etc.

Such improvements are easily constructed, cost very little and add greatly to the looks and value of a home. Get busy now and have your yard ready for the first warm days.

Let us help you plan your improvements and give you prices. You will be under no obligation in doing so.

STUDENTS SCORE IN
DRAMA AT HIGH SCHOOL

The three one-act plays given by talented high school students on Friday night of last week reflected the splendid training being given in the English course at the school, and the dramas were staged with evident attention to every detail.

"Two Crooks and a Lady," a subtle melodrama of Eugene Pilot's, was presented by a clever cast, the principals being Beth Lane, Nevada Schell and Roy Wirtz.

Miss Lane, as the invalid who defied the crook, Roy Wirtz, and his accomplice, the maid, Nevada Schell, was excellent in her part. Wirtz made an effective crook. Miss Schell was vivacious and spoke her lines well and Miss Irma Adler was a pretty companion to Mrs. Simons Vane. Mario Ciampi, inspector, and Teddy Anthenian as the policeman, completed the excellent cast.

"Spreading the News" was rich in character study and comedy. The dialects and costumes showed much work

and reflected the strata of life to perfection. Norman Heggie in the difficult role of Bartley Fallon, a muchly maligned man, made a decided hit, as did the others of this play, with their dialects and clever acting. Miss Margaret Corcoran as Mrs. Tarpey revealed marked ability as an actress. Geraldine Gear and Mae Bianchini also gave evidence of considerable dramatic talent. The rest of the parts were played by Willie Locarnini, Kenneth Parker, Albert Tracy, Willard Cole, Aubrey Davis, Pierre Rouquie. The famous Yeats play, "The Land of Heart's Desire," was well portrayed by the talented players being as follows:

Bridget—Anna Noyes.
Maurteen—Sam Steiman.
Shawn—Herbert Tracy.
Father Hart—Glen Ehlers.
Maire—Grace Barr.
Child—Leola Forni.

Between plays the high school orchestra played well chosen numbers and Miss Evelyn Valente gave two of the now popular musical readings, "Spring Fever" and "The Sugar Plum Tree."

THE SONOMA VALLEY
IMPROVEMENT CLUB

M. Y. Hansen, the contractor, met with an accident Saturday and was painfully hurt, being badly bruised about the chest and head. It was at first feared that his lungs had been punctured, but Dr. A. M. Thomson on examination, decided that the lungs were O. K. It seems that on moving a building at Mr. Rocca's place at Verano, it had slackened an electric light wire and Mr. Hansen had climbed a pole to take up the slack. While engaged in doing this an auto came along the private road, picked up the wire and hurled him a distance of 12 feet, Hansen landing on his head and side, the impact rendering him unconscious for some time and it took considerable effort on the part of bystanders to restore him to consciousness; in fact he did not come to himself until he was in Dr. Thomson's office.

FORMER GLEN ELLEN
COUPLE IN HOLD-UP

Mr. and Mrs. A. B. Williams, formerly of Eldridge and Glen Ellen, were the couple held up last week when highwaymen robbed their Service Station on the highway between Marin and Sonoma county, and tied them up so they could not give the alarm. The thugs who had abducted a Sausalito garage man at 2 o'clock in the morning, made him drive to the Williams service station which they robbed. They then took the garage man with them and holding a gun to his side made him drive through Lakeville and Schellville toward Sacramento, where they abandoned the car. The Sausalito man immediately returned and gave the alarm.

The following is an account of the experience of Mr. and Mrs. Williams: At 3:15 Mr. and Mrs. Williams were awakened by a knock and Mr. Williams, dressing partially, answered the call and was met by three men. One remained in the car and the two others went into the store. They secured seven gallons of gasoline, some tobacco, cigarettes and a quart of oil and when it was all supplied, Mr. Williams went behind the counter and after figuring said: "You owe me \$2.55." At that point the younger of the two robbers, a small man with blonde hair and blue eyes, whipped out a gun and exclaiming, "Where is the rest of the change," ordered Williams to put up his hands.

"There is no more change—my wife banked it all," declared Williams, and with that, the latter was backed into the living room where the thug proceeded to bind him with a heavy tow rope from the Sausalito garage, where the car was stolen.

The thug ordered the garage man to bind Mrs. Williams while he himself bound Williams and when Mrs. Williams partially freed herself the thug angrily exclaimed, "You tie her better or I'll plug you!"

While he was tying Mrs. Williams, Sloan whispered to her: "I won't be rough with you. I am a garage man from Sausalito and they have got me. Phone 453, Sausalito." Mrs. Williams understood and nodded to him and remembered the number and then noticed that Sloan wore only his night clothes and bath robe and surmised what was happening.

After the victims were bound, the two men thoroughly ransacked the place and pulled out drawers and trunks and boxes. Mrs. Williams remonstrated with them for throwing the clean clothes about and the thug replied jocularly. He picked up a camera and she begged him to leave it, as it was given her by her son. She told him that she had a son about his age and he replied: "If it were not for my mother, I would not be here." He took the camera.

All this time Mr. Williams' watch and wallet lay on the table covered over with a handkerchief. Mr. and Mrs. Williams had been to the theatre at Santa Rosa Wednesday night and when he changed the contents of his pockets to his every-day clothes, he had carelessly left the valuables on the table and covered them over with the handkerchief and the men did not notice them in their haste. They were at the place for fully half an hour, leaving at 3:45 and coming north. Before they left, they pulled the telephone off the wall.

While the men were binding and robbing Mr. and Mrs. Williams, the third man was in the store where he laid in a supply of tobacco, cakes, cigarettes, etc., considerable being missing, and while the place was being ransacked, the other man called to him to get what grub and accessories he could secure, saying that they would need them.

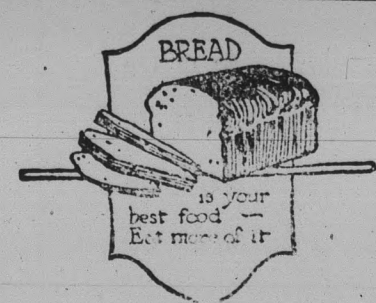

After the men pulled away Mr. and Mrs. Williams succeeded in breaking loose and the former walked to the Filippini ranch this side of their home and telephoned to the police and Officer Ernest Roberts received the message and gave the alarm.

Mr. and Mrs. F. Kruger (Ruth Poppe) of Los Angeles, have been visiting Mrs. Kruger's folks, the J. E. Poppe family. The Krugers like living in the South and are prospering there.

ELDRIDGE TO GET
\$75,000 COTTAGES

Construction work is to start soon at the Sonoma State Home at Eldridge, as part of the 1924 program of construction of the state administration. Each cottage will have a capacity of about 1000 inmates and will cost between \$75,000 and \$95,000. Announcement has been made by the state department of institutions that 16 new buildings are to be erected at various institutions, including structures at the Napa, and the Talmage, Mendocino county, state homes.

Mrs. Campbell Pomeroy, sister of Mrs. Rae Hunter, will spend several months at Vichy Springs, Mendocino county for her health. She will close her Santa Rosa home.

NOTICE OF SPECIAL ELECTION

Notice is hereby given that a special election will be held in the City of Sonoma on Monday, the 14th day of April, 1924, for the purpose of submitting to the qualified electors of said City, the proposition of whether or not Ordinance No. 161 of said City shall become effective. Said Ordinance No. 161 is in words and figures as follows:

ORDINANCE NO. 161.

An Ordinance Providing for the Levy and Collection of a Special Tax for the Purpose of Providing and Maintaining Parks.

The Board of Trustees of the City of Sonoma do ordain as follows:

Section 1. The Board of Trustees of the City of Sonoma are hereby empowered to and may levy and collect a tax, not exceeding fifteen cents (\$0.15) on each one hundred dollars (\$100.00) for the purpose of providing and maintaining parks, and for such other purposes allowed by law as said Board of Trustees may hereafter by ordinance provide.

Said special tax shall be used for the purpose of improving and beautifying the town parks and Plaza, and may be used and expended in any manner that may be deemed best by said Board of Trustees.

Section 2. Said tax shall be in addition to all other taxes now authorized by law to be levied, and shall be levied and collected for each fiscal year in the time and manner now or hereafter provided for the collection of other municipal taxes and shall be subject to the same penalties for delinquency and manner of enforcement.

Section 3. This ordinance shall not become effective until the same shall have been submitted to the electors of said City at a special election to be held in said City on Monday, the 14th day of April, 1924. Signed:

(SEAL) FRED BULOTTI

President of the Board of Trustees of the City of Sonoma.

Attest:

H. W. GOTTENBERG,
City Clerk.

The qualified electors of said city are hereby invited to vote for or against said Ordinance. If upon canvassing the votes cast at said special election it is found that a two-thirds (2-3) majority of the votes so cast are in favor of said Ordinance No. 161 the same shall become effective and the tax provided for therein shall be levied and collected and used in the manner provided therein.

The election precincts, polling places and election officers to conduct said special election and the manner of conducting same shall be the same as provided for the General Municipal Election to be held in said City on the said Monday, the 14th day of April, 1924.

This Notice is published pursuant to order of the Board of Trustees of the City of Sonoma.

Signed:

H. W. GOTTENBERG,
(SEAL) City Clerk.

KINGS CO. SUPERVISORS ADOPT BURRIS RESOLUTION

The supervisors of Kings county, after viewing the Burris Grove offered as a beautiful park site by the sons of the late David and Julia Burris, adopted the following resolution in regular session:

"Whereas, the Burris brothers, owning 40 acres of beautifully wooded land in the County of Kings, have, through their kindness and generosity, and feeling that the County of Kings was in need of a county park, signified their intention and declare to the board their desire to deed to the County of Kings the said property to be used permanently as a county park; and

"Whereas, the donors have stated to the board that they were prompted in this act by a desire to honor the memory of their father and mother by donating to the county in which their father and mother resided for many years, and were early settlers, the land aforementioned; and

"Whereas, it is the opinion of this board that the property donated is advantageously located and is of such a nature as to make a very desirable county park; and

"Whereas, the parents of the Burris brothers were pioneer residents of the County of Kings, and were honored and respected citizens of the County of Kings;

"Now, therefore, be it resolved, that the donation of said property by said Burris brothers, be and the same is hereby accepted;

"Be it further resolved, that the name of the said park be and is hereby designated as 'Burris Park,' and that it is the desire and intention of this board that the park shall be so named for all time;

"Be it further resolved, that the board at this time express its thanks, and appreciation to the Burris brothers, for the generosity and public spirit as displayed in the donation of this property to the County of Kings, and the Clerk of the Board of Supervisors be and he is hereby instructed to forward to each of the Burris brothers, a copy of this resolution."

The board have located a site for a dance platform in the grove and will also sink a well on the property. The park will be formally opened May 1st with a genuine old time picnic.

REGISTRATION TO CLOSE ON APRIL 1st

Registration for the May primaries closes just after April 1st, and the safest plan for voters to pursue is to be certain that their names have been placed on the roll of voters before April 1st.

No one who has not registered since January 1st of the present year can be permitted to vote at the May primaries. Those who desire to cast their ballots for presidential electors at the primary must see to it that their names have been registered since the beginning of the present year.

County Clerk William W. Felt, Jr., has 100 deputies scattered all over the county whose principal duty is to register the people who are entitled to be on the big book of voters. There is no excuse for any voters not registering and being able to vote at the May primary.

On that occasion the choice will be made between the electors for Coolidge and Johnson on the Republican ticket and for or against William G. McAdoo on the Democratic ticket.

STANDARD OIL QUITS HIGHWAY SIGNBOARDS

Convinced that highway advertising detracts from the natural beauties of the highway routes of travel on the Pacific Coast, the Standard Oil Company of California has announced its decision to erect no more such signs, and to remove all signs of such nature now standing. The company announces that hereafter it will confine its use of signs to commercial locations.

The Standard Oil Company says it feels the splendid scenery so characteristic of nearly all the highways of California and other Pacific and western states should be unmarred and on that account is willing to sacrifice the advertising value of highway signs.

FREE SEED AVAILABLE

Secretary of Agriculture Wallace has appealed to Senator Shortridge to co-operate with him in the distribution of new and rare field seeds in California. In a letter to the California senator the Agriculture Department says:

"The Department respectfully solicits your co-operation in its efforts to place the seed included in this distribution in the hands of farmers who will be sufficiently interested to give it careful attention and who will report to the Department the results obtained from their tests. In arranging for this distribution the most promising new and rare forage crops have been given first consideration. Since these newer crops are not equally well adapted to all sections of the country, there is necessarily some difference in the number of packages of seeds available for the various districts.

"We expect to have available for testing by your farmer constituents the following:

"Fifty 4-pound packages of Kansas alfalfa seed.

"One hundred 4-pound packages of dwarf feterita seed.

"Twenty-five 2-pound packages of

new variety of soy beans.

"One hundred seventy-five 1-pound packages of Sudan grass seed.

"We will be pleased therefore to receive from you at your earliest convenience a list of names of farmers who in your judgment would be interested in testing one or more of these crops. The seed will be mailed from the Department's warehouse directly to the farmer, and will be accompanied by a circular giving full instructions regarding the culture of the crop furnished."

Senator Shortridge will be pleased to receive the names of farmers who will be willing to co-operate with the Department of Agriculture as indicated in the foregoing and he will see that they are supplied with the types of seed desired. Not more than one package of any one kind of seed can be sent to one person, but there is no limit on the varieties one person can order. Names should be sent to Samuel Shortridge, Room 428, Senate Office Building, Washington, D. C.

Mrs. Roy Pauli has returned home after a visit with Mrs. Pauli's sister near Windsor. Mr. and Mrs. Pauli attended "The Covered Wagon" at Santa Rosa while enroute home.

A Business

Such as conducted by the P. G. and E.

Without Profit

IT does not seem plausible. Yet, it is true. The P G and E operates *without profit*, as the word "profit" is generally understood.

Neither is this Company operated on the "cost plus" plan. Legal restrictions make that impossible.

The P G and E is a *public utility concern*. As such, it is regulated by the Railroad Commission—the *People's legally appointed agent*.

Rates heretofore fixed are only high, enough to cover cost of help, materials, taxes; and to permit a fair interest return on the reasonable cost of the properties used.

The Law does not sanction rates high enough to create revenues in excess of such costs—and it does not guarantee the Company against loss.

By careful, efficient management, the Company earns enough to pay expenses—and to pay its security holders a fair rate of interest on the money invested in the operative properties of the business.

This "interest return" is the only "profit" allowed.
